TA Meeting 11/5/2020

- Everyone individually say what they have worked on over the past week
- Talk about feedback from Tom and Aysun
    - State transitions, WebGL, and geometric data structure are on track
- Tell Wesley about plan for the upcoming week
    - Social distancing, testing, community interactions
- Mention goals this week
    - Use GitLab more (issue board)
- Questions:
    - Ask about responsible computer science report (what is this)
        - This is for the ethics section of the final report
    - Ask about documentation (we have pdf meeting notes on gitlab, is this fine?
        - Documentation looks good for now

- Schedule meeting in Week 5 with Thomas, Aysun, Tom, Taico, Wesley
- Midterm is red/yellow/green light
- Check into if mortality rate stats are working
